### Mineral water KINGA PIENIŃSKA, natural, 1,5l, deposit

"Kinga Pienińska" natural pH: 5.4

Pleasantly pearl and refreshing. Creamy texture and a slightly sweet finish with a hint of fruit.

The perfect solution for those who appreciate natural bubbles that gently melt on the tongue instead of sparkling water.

Great as an aperitif, but it works equally well in combination with, for example, goose or duck with fruit sauce and red burgundy.
