Cisowianka Water, lightly sparkling, plastic bottle, 0,5l, deposit

Cisowianka lightly sparkling is the perfect choice for those who appreciate delicate yet distinctive bubbles in their water. Served chilled, it refreshes wonderfully – even on the hottest days. Its subtle taste and medium mineralization make Cisowianka lightly sparkling ideal for everyday enjoyment. Bottled at the source in an ultra-modern facility, using solutions that preserve its original, natural properties. The age of Cisowianka natural mineral water – the time it takes for each drop to penetrate the underground layers from which it is drawn – is approximately 400 years, which is a remarkable phenomenon on a global scale. Capacity: 0,5l
