

Product datasheet

Foaming hand sanitiser DEB InstantFOAM Complete, pump bottle, 400ml

Highly effective alcohol-based foam hand sanitiser supplied in a pump bottle

Suitable for use in healthcare environments, food-handling areas, canteens, offices, rest areas and public facilities where a high level of hand hygiene is required

Provides bactericidal, virucidal, yeasticidal and mycobactericidal activity

Highly effective formula kills 99.999% of many common germs

In accordance with EN 14476, provides virucidal activity against all enveloped and non-enveloped viruses; also inactivates SARS-CoV-2

Alcohol content: 80%

Foam spreads quickly and easily over the hands, providing control over the dispensed product and reducing dripping and splashing
Gel-free formula does not leave a sticky feeling on the hands, even after frequent use

Non-drying formula helps maintain skin hydration and good skin condition even with frequent use

Dermatologically tested; hypoallergenic formula has very low allergenic potential and does not cause skin irritation

Perfume-free and dye-free formula developed for sensitive skin

Meets the European Centre for Allergy Research Foundation ECARF criteria for skin tolerability

Contains no animal-derived ingredients

Suitable for use with latex, vinyl and nitrile gloves

HACCP International certification confirms that the product is suitable for use in facilities operating a HACCP-based food safety programme; the product is not intended for direct contact with food or items that come into contact with food

Directions for general hand hygiene: apply one dose to clean, dry hands and rub thoroughly over all parts of the hands for 20–30 seconds

Directions for hygienic hand disinfection in accordance with EN 1500: apply 5 doses, rub thoroughly into the hands and keep the skin wet for 30 seconds; full virucidal activity is achieved after 60 seconds

Biocidal product; always read the label and product information before use

Capacity: 400 ml

Fragrance: fragrance-free

Color: transparent
