

Product datasheet

Foam soap dispenser DEB, 1l, white

Manual wall-mounted dispenser designed for closed 1 l SC Johnson Professional foam soap cartridges

Suitable for use in washrooms in offices, schools, nurseries, public facilities, healthcare facilities and elderly care facilities

Large push button reduces the force required to operate the dispenser and enables convenient use by hand or elbow

Dispenses a measured amount of product, helping to reduce excessive product consumption and waste

Dispensing button protected with BioCote® technology using silver ions; within 2 hours, the technology effectively reduces bacteria, mould and fungi on the button surface, and within 24 hours reduces their amount by up to 99.99%

BioCote® antimicrobial protection remains effective throughout the service life of the button and does not wear off, wash off or leach out

Viewing window allows the presence and level of product in the cartridge to be checked

Secure locking mechanism helps protect the cartridge against unauthorised access, theft and product contamination

Design enables easy cleaning of the dispenser and replacement of an empty cartridge within seconds

Hygienic sealed cartridge and pump system limits air ingress and the risk of product contamination during use

Sealed cartridge collapses as it empties, helping to minimise residual product and waste

Battery-free operation

HACCP International certification confirms that the dispenser is suitable for use in areas associated with food production and preparation; the dispenser is not intended for direct contact with food

Covered by a lifetime guarantee when used exclusively with SC Johnson Professional products and in accordance with the manufacturer's terms

Compatible cartridges: HG-014588, HG-014601, HG-019583, HG-025119, HG-026468, HG-026482, HG-104395

Dispenser dimensions: 23.5 × 13.2 × 11.7 cm

Color: white
