Product datasheet

Fountain pen PLATINUM Curidas, F, blue

Platinum fountain pen from the Curidas collection is definitely different from many traditional fountain pens.
Curidas is a combination of the Japanese word Kuridasu, referring to extending the pen tip, and the word Curiosity.
The fountain pen body is made of a special resin that feels like rubber to the touch.
The resulting surface is very sleek and matt, perfectly matching the matt clip of the pen.
The push-button nib extension mechanism is very convenient.
The pen is instantly ready to use, without the need to remove a cap.
Another click retracts the nib and, when it is in this position, a sealed nib chamber made of soft material ensures airtightness.
Nib made of stainless steel.
The fountain pen is presented in an elegant branded box.
It comes with a navy blue ink cartridge to start with, a 700A converter and 20 ml of mixable ink in Aurora Blue.

Basic product parameters

PBS reference	PLA-PKN9000-56F
Barcode	4977114102875
Product name	Fountain pen PLATINUM Curidas, F, blue
Category	Fountain pens
Tax rate	23%
CN	9608 30 00
Class	Premium
Brand	PLATINUM

Colour
